

**ST. PAUL CENTRAL HIGH SCHOOL  
ROBOTICS**

**THE MINUTEBOTS**

# MinuteBots

## MinuteBots Mission Statement

Our mission as a robotics team is to be able to provide a free, after school experience in programming, marketing, engineering, and CAD (computer aided design).

We seek to exhibit and provide an educational, supportive, engaging, and gratifying STEM (science, technology, engineering, and mathematics) experience for the members of our team with no cost for participation.

## Why "MinuteBots"?

St. Paul Central is the oldest high school in Minnesota. Its students have been known as the Minutemen since 1912. However, the robotics team decided over a decade ago that the MinuteBots was a more appropriate team name!

## Your Impact

Running a successful robotics team costs tens of thousands of dollars each year. The MinuteBots get zero funding from the St. Paul Public Schools (although Central High School has given us a pretty great workshop!), so we rely on sponsors.

We are an urban, public high school with students from a wide range of economic backgrounds. Your support allows us to remove financial barriers to students by fully funding all direct membership and travel expenses!

Your contribution will help support our team as we compete in two regional tournaments in Minnesota and North Dakota, including:

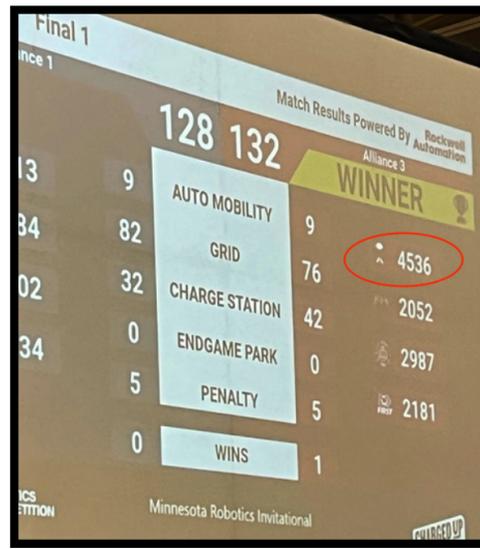

- Materials, tools, and electronics
- Competition registration fees
- Hotel and transportation expenses
- Team dinners during extended work sessions

## Team Values

- Dedication: We value arriving on time and working hard to complete tasks efficiently and accurately.
- Compassion: We value the individual experiences of all our team members and all they have to bring to the team.
- Inclusion: We are an equal opportunity team. People of all experience levels are welcome at no cost.
- Respect: We have regard for each other's feelings, actions, and thoughts.
- Whimsy: We value creativity in the pursuit of fun.
- Integrity: We are honest about our work: We take claim when we make a mistake, and we credit others for their work.
- Teamwork: We are patient with one another and communicate effectively to work together as best as possible.
- Creativity: We work our hardest to come up with unique and creative ideas to solve difficult problems.

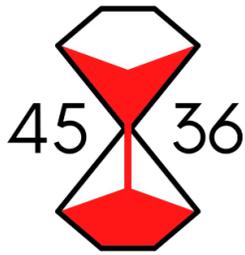

# HELP US ACHIEVE OUR NEXT SUCCESS!

**How to donate: Go to [minutebots.org](http://minutebots.org), click the donate button, and follow the instructions on page**

	Sponsorship Tier				
	Hourglass \$100 - \$499	Pocket Watch \$500 - \$999	Mantle Clock \$1,000 - \$4,999	Grandfather Clock \$5,000 - \$9,999	Big Ben \$10,000 +
